Mr. Dulles:

25X1

b. Noted a cable from [redacted] (IN 39916) and asked Mr. Helms, in coordination with Colonel White, to determine the full facts regarding the situation described in this message. The Director made it clear he was most unhappy with the tone of this message and stated after the facts had been obtained he desired a recommendation as to what action should be taken in regard to the sender. Mr. Kirkpatrick recommended this problem be ironed out before [redacted] arrives in [redacted] which will be exactly one month from today. The Director approved.

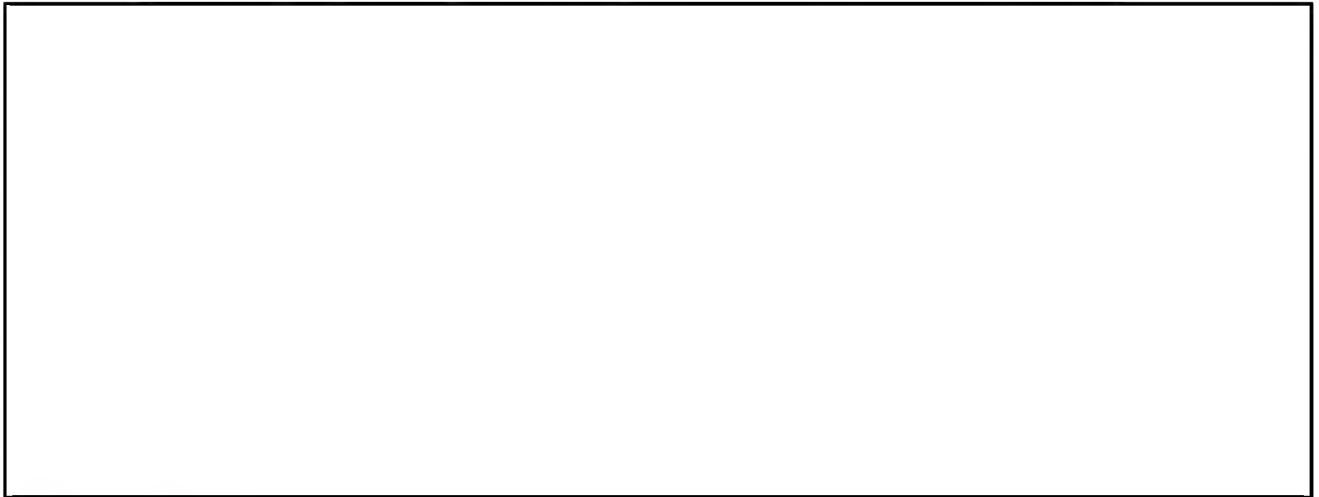

25X1

c. Noted that Tom Lambert of TIME had called to ask if he might sit down and "kick around" ideas about the European Satellites. After some discussion it was agreed that Mr. Amory would see Lambert.

25X1

[redacted]

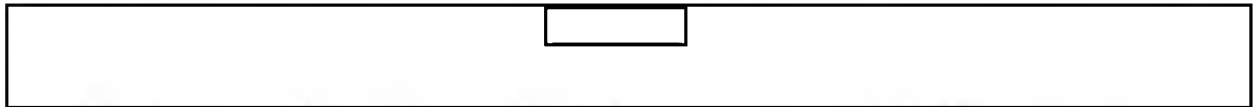

25X1

Mr. Roosevelt:

Noted that George Allen had requested a briefing on CIA activities between the 16th and 20th of January, and stated he had asked [redacted] to do this. Mr. Roosevelt also said for various reasons he felt it would be a good idea for the Director, Mr. Wisner and himself to hold a "private conversation" with Mr. Allen. The Director approved and Mr. Roosevelt will arrange this conference.

Mr. Kirkpatrick:

17 January. The Director approved. Mr. Dulles said he had received quite a number of calls on such bills and in each instance he had indicated it was not up to him to comment on such bills since he was satisfied with "the way things are going" and that he looked on the Armed Services and Appropriations Committees as the Congressional Committees to whom we are responsible.

b. Recommended that [redacted] appear before the Clark Committee and the Director approved. (NOTE: This has been arranged for 11:00 a.m. on 14 January.)
